Combining a modern look and high performance, this low profile, surface mount downlight is designed for new construction, remodel and retrofit applications. The SMD series simply installs directly to a junction box or can retrofit recessed housings.

With the Color Temperature Select Switch and flicker-free 5% dimming, you can easily customize the lighting levels to fit your needs. The 5-position CCT switch offers a range of 5 color temperatures, allowing you to create your own amazing ambiance.

The new and improved mounting mechanism allows installers to more quickly and easily install into round, octagonal, and square junction boxes.

Upgrade your lighting with the SMD Surface Mount LED Downlights today.
