

TOTAL WIRELESS LIGHTING CONTROL FOR THE SMART OR NOT-SO-SMART

16 Million Colors

Tunable White

Bring every light—standard or smart—under one easy-to-use control platform. HALO Connected by WiZ Pro lighting paired with Pure Smart™ Wi-Fi® Controls gives homeowners, pros, and designers seamless, hub-free control from the wall, the app, voice, or a handheld Room Controller.

Why Pure Smart™ + HALO Smart-WiFi® Lighting

- **One Ecosystem** – Control both WiZ-enabled smart lighting and standard non-smart loads with a single, reliable Wi-Fi® platform.
- **Flexible Installation** – Hardwired options for new builds or retrofits; battery-powered for easy upgrades or multi-location control.
- **Smart Features Built In** – Groups, zones, schedules, and custom scenes all via the WiZ app.
- **Pro-Grade Simplicity** – Contractor-friendly wiring, slim profiles, and intuitive controls reduce install time.
- **Reliable Performance** – Direct local network communication keeps lights responsive—even if internet goes down.

The Pure Smart™ Lineup

Hardwired Wi-Fi® Room Controller (120V)

Wireless Master Control for All WiZ-Enabled Fixtures

- Adjust brightness, color temperature, and full color (RGB) scenes
- Select between four favorited scenes + unlimited custom scenes in the WiZ app
- Supports 600W hardwired load support; No max for Wireless Loads
- Single or multi-location wireless control (Neutral wire required)

Battery-Powered Wi-Fi® Room Controller

Tabletop or Wall—No Wires, No Limits

- Same control features as the Hardwired version
- Mount anywhere or keep handheld for effortless scene and dimming control
- Perfect for retrofits or multi-location control (4x AAA batteries – not included)

Smart Wi-Fi® Dimmer (120V)

For Wireless Control and Dimming of Non-Smart Lighting

- Brings WiZ Pro control and features—app, voice, scenes, scheduling, wireless dimming—to non-smart dimmable fixtures
- ON/OFF + Press-and-Hold Dimming
- Supports LED/CFL (150W) or incandescent (500W)
- Single-pole or 3-way wiring with standard 3-way switch (Neutral wire required)

Smart Wi-Fi® Switch (120V)

For Wireless ON/OFF Control of Non-Smart Loads

- Brings WiZ Pro features—app, voice, scenes, scheduling—to non-smart non-dimmable lighting
- Supports LED/CFL (600W) or incandescent (1200W)
- Single-pole or 3-way wiring with standard 3-way switch (Neutral wire required)

Endless Ways to Control Your Lighting

- **Manual Control:** Rockers, buttons, and dimming sliders.
- **App Control:** WiZ or WiZ Pro (iOS/Android) from anywhere.
- **Voice Control:** Google Assistant, Alexa, Siri, SmartThings, or IFTTT.
- **Scene Control:** Layer multiple lights, colors, and dimmers into custom moods.
- **Scheduling & Automation:** Timers, motion, or sunrise/sunset triggers.

The HALO Advantage

As part of the HALO Smart™ Wi-Fi® Lighting family, Pure Smart™ Controls deliver:

- **Unified Aesthetic:** Modern decorator-style designs compatible with standard wall plates.
- **Seamless WiZ Integration:** Works directly on your local network—no hub or subscription.
- **Trusted Quality:** Backed by HALO and PureEdge Lighting innovation.

Upgrade any space—new construction, remodel, or retrofit—with professional-grade wireless control.

HALO Smart™ Wi-Fi® Lighting + Pure Smart™ Controls = Complete Connected Lighting.
