

ALL NATURAL

All-Natural Firestarter **Fatwood**

Features:

- Ideal for fireplaces, stoves, campfires, or barbecues
- 100% All natural
- The quickest, easiest way to start a fire!
- Start a fire with only two sticks
- Waterproof – will light even when wet
- Environmentally friendly, chemical free

DIRECTIONS

Place 2 or 3 sticks where you want to start a fire. Ensure they are stacked in a way that will allow the flame to move upwards on the sticks.

Add solid-fuel combustible (ideally firewood, charcoal or wood pellets) on top of the sticks while leaving room for airflow.

Enjoy your fire!
