A woman with blonde hair, wearing a dark blue polo shirt, light blue jeans, and black gloves, is kneeling on a grey floor. She is using a large blue and silver manual tile cutter to cut a large, light-colored rectangular tile. The cutter has a long handle and a scoring wheel. In the background, there are stacks of tiles, a white bucket, and a yellow sponge. The setting appears to be a workshop or a construction site.

LASH® Tile Leveling System

made in
USA

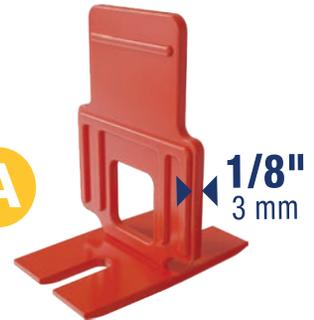

The ORIGINAL
LASH®
LEVEL ALIGN SPACE HOLD

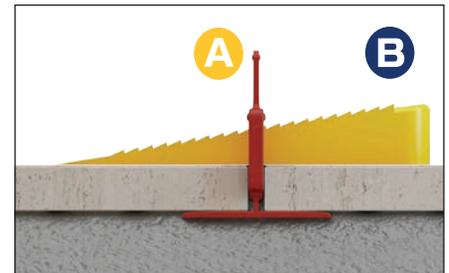

For perfect tile-to-tile leveling

The patented LASH® Tile Leveling System is designed for quick installation and reduces costly call backs by ensuring that the finished floor surface is lippage-free. This time-saving system helps adjust the height of the tiles and evenly holds their edges throughout the curing process of the setting material.

- For use with all floor and wall tiles between 1/4" and 7/16" thick
- Durable nylon construction for a secure installation
- Specially designed break-off point on clips for swift removal

Kevin Keefe, QEP Regional Sales Manager and 2022 Regional Finalist for Installer of the Year at the International Surface Event's National Competition, installs Naturally Aged Flooring's North Shore Laminate in Palmer Oak over QEP Cork Plus Underlayment.

UNDERLAYMENTS & BARRIERS

QEP offers both Aquabar® "B" Moisture Vapor Barrier and cork underlayments to enhance crack suppression. Natural Cork and Cork Plus Underlayments help control sound under ceramic tile and stone and reduce thermal transmissions. Cork Plus is made of natural cork plus recycled EVA foam, making it more flexible.

Benefits of Cork Underlayment

A staple in green building, cork offers superior durability, is impermeable, resistant to mold, mildew, and termites. A natural insulator, cork is fire resistant, and provides unrivalled noise reduction properties.

Exceptional as a flooring underlayment, cork is a sustainable material that assists with stress crack prevention, supports home insulation, and absorbs vibrations and footfalls, trapping the sound and reducing the volume.

Cork Plus Sheets and Rolls

- Constructed of natural cork and recycled EVA foam, making it more flexible and less prone to breakage than standard cork underlayment
- Acoustical sound control under ceramic tile and stone
- Enhances stress crack suppression
- Reduces thermal transmission, increasing effectiveness of floor heating systems
- Can also be used under laminate and floating floors
- Easy to install on and above grade in both glue-down and floating floor installations

QEP Warranty

All Q.E.P. products include a Manufacturer's Limited Warranty ensuring the product is free from defects in materials and workmanship for a period of one-year from the date of purchase. This warranty does not cover accidental damages, unreasonable or improper use, normal wear and tear, loss of use, or consequential damages. Some items, such as electric tile saws, mixers and cutters, carry a QEP 1-Year Limited Warranty. Product registration, included with the product packaging, must be completed within 30 days of purchase for eligibility. This warranty covers refund or replacement due to a defect in materials or workmanship for a term of one year.

About California Proposition 65

Proposition 65 is a California regulatory law that requires businesses to notify California consumers about specific chemicals in the products they purchase so they can make informed decisions about protecting themselves from exposure to these chemicals. This law requires companies to properly label products that contain chemical(s) above certain threshold levels.

As part of Q.E.P. Co. Inc.'s continued best business practice and compliance program, we comply with Proposition 65 warning requirements and provide product-associated warnings. We are dedicated to meeting consumer product safety requirements applicable to our products and strive to provide high quality and safe products.

For more information on California Proposition 65, go to www.P65Warnings.ca.gov.

*Prop 65 - 1. WARNING: This product can expose you to chemicals including DEHP which is known to the State of California to cause cancer, birth defects or other reproductive harm.

*Prop 65 - 2. WARNING: This product can expose you to chemicals including N, N-Dimethylformamide, which is known to the State of California to cause cancer, birth defects and other reproductive harm.
