

# Scotch® Transparent Duct Tape

## The end of ugly repairs.

Finally, the end of ugly repairs, and the beginning of growth opportunities in the duct tape category. Scotch® transparent duct tape offers clear advantages over ordinary duct tape. It is a revolutionary product, bound to generate excitement and trial. The intrigue of a *transparent* duct tape will be irresistible, drawing new users to the category.

## Strong and longer lasting.

There is more to Scotch transparent duct tape than meets the eye. It looks different, but is as strong as any other ordinary duct tape. Great for bundling, patching, sealing and general repairs where appearance matters. The proprietary adhesive and exclusive construction prevent it from degrading as fast in outdoor conditions as regular duct tape allowing it to last up to *six times longer*.\*

## Easier to use.

Scotch transparent duct tape comes off the roll with ease and tears easily by hand, making quick fixes even quicker.

\*Based on accelerated weathering tests

It goes on without wrinkling, contributing to a neater repair. Adhesive sides are easily separated if they come into contact with each other, a common problem with many duct tapes.

## Key features and benefits.

- Transparent when applied, making repairs less obvious
- Lasts up to *six times longer*\* outdoors than other heavy-duty duct tapes
- Tears easily by hand lengthwise and crosswise
- Adhesive sides are easily separated if they come into contact with each other
- Extremely versatile: can be used on plastic, wood, glass, metal, vinyl and rubber
- Water and UV resistant

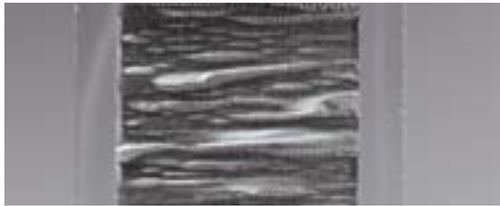

*Scotch® Transparent Duct Tape means the end of ugly repairs.*
