

TOOLPRO

PRODUCT SPOTLIGHT

TOOLPRO

Drywall
Roll Lifter
#02060

- Features a free rolling wheel for more range of motion

TOOLPRO

Drywall
Rigid Lifter
#02065

- Features a welded fulcrum for more stability

TOOLPRO

Drywall
Mini Lifter
#02070

- Compact design fits in pocket or tool pouch

ToolPro Drywall Lifters are designed to act as a simple fulcrum to assist one person to handle and nail a sheet of drywall up to 3 in. from the floor. Simply place the sheet of drywall into the desired location, place the toe of the roll lifter under the bottom of the sheet of drywall and push down on the heel of the roll lifter with your shoe to raise the panel to the desired height.

- Lifts and holds drywall sheet up to 3 in. for securing to the wall
- Toe kick assists placement
- Welded steel construction, plated then powder coated
